"Being in China was a completely amazing experience. I was obviously a foreigner, and yet everyone I met did everything they could to make me comfortable and feel welcome. People really cared about me and my general well-being, and wanted to ensure that I had a wonderful time in their country." - Beth F. Semester in China

“My bosses (at SMH International) were amazing and spoke great English. By the end of my internship I was given a lot of assignments." Holly W. University of Alabama – Tuscaloosa, Intern in China

United Family Hospital: United Family Healthcare is an international healthcare organization in China, whose sole mission is providing healthcare services in a uniquely warm and caring patient and family service environment. Interns at this organization have worked with the corporate social responsibility director inside the hospital. Other tasks include shadowing nurses and doctors, along with learning about the different daily operations of a large Chinese-Western hospital.

Shanghai East International Medical Center: Interns can gain clinical laboratory experience while you examine biopsies and evaluate blood work. Medical Interns closely shadow the hospital and clinic staff.

The American Heart Association in China: The Chinese American Heart Association (CnAHA) was founded by a group of U.S. cardiovascular physicians and scientists with Chinese origins. This internship will broaden interns understanding of Western cardiovascular practices and aspects of ancestral Chinese medicine.

Shobrunn Fine Chemical, Ltd.: Schobrunn is a leading producer of cosmetics in China, in addition to being the main sponsor of the Shanghai POST Movie Festival. Past interns have worked closely with the organizers of the festival and Schobrunn corporate communications team.

Stephenson Harwood: Interns at this international law firm will deal with clients ranging from multinational corporations to start-up enterprises in a large variety of industries. There are various opportunities to work on several projects covering different avenues of the legal system.

Ke Center for Contemporary Arts: This three-story museum consists of three venues: gallery space, bookstore and restaurant. Ke Center is a comprehensive art center, featuring all forms and categories of art and able to hold visual art and performances. Placement opportunities have involved current exhibition projects, helping to launch a foundation while working with the curator, launching a book that the art center published, and managing online sales.
Social Sciences Majors

Sample Placements: Check out our [Website](#) for more information

**We to Me**: We to Me is an innovative social enterprise that provides people with better choices for a better world. Through socially conscious and environmentally friendly products and life-changing experiences, Me to We measures the bottom line, not by dollars earned, but by the number of lives we change and the positive social and environmental impact we make. Interns will have the opportunity to work first hand with this international NGO.

**Roots and Shoots**: Students can work in this program designed by Jane Goodall to educate youths about environmental issues and humanitarian values with a special focus on group interaction. Interns assist in planning various public welfare activities targeted to young people, families and children.

Science, Technology, Engineering and Mathematics Majors
