

## Culminating Essay

Please write a 6-8 pages reflective essay about your internship. To receive full credit please incorporate answers to the followings questions. Your essay will be graded according to the writing rubric for the course.

- Explain and discuss you primary learning objectives. Did you complete all of you objectives? Please provide concrete examples for each.
- How did you apply ideas, concepts, and skills from both academic (coursework and extracurricular activities) and life experiences in your internship? Provide concrete examples.
- What do you see as the critical skills and attributes required to succeed in this internship position? Do you feel you were able to develop these skills? How might they be helpful in a future career?
- What did you learn about supervisor leadership styles during your internship? Do you have a preference for a particular style? Explain.
- What did you learn about the work place culture of your site. How do you think it might differ from the US?
- What was the greatest obstacle or challenge that you encountered during your internship? How did you overcome it?
- What surprised you about your internship experience?
- How did this internship help you clarify your educational plans and/or career direction? What steps will you take to further your career planning?
- What did you discover about your talents and interests?
