Enjoy studying in one of the wonders of the world
Welcome to Cusco

We invite you to study while enjoying a unique cultural immersion experience in the most important historic city in South America, the former capital of the Inca Empire, and visiting one of the New Seven Wonders of the World, the Inca royal residence of Machu Picchu. Cusco is situated in the heart of the Andes, at an altitude of 3400 meters (11,300 feet). It is a city in which ancient Inca royal palaces and temples share space with colonial-era Spanish mansions and beautifully decorated churches. Today, Cusco is a melting pot of cultures with a rich Cosmopolitan feel, where ancient indigenous traditions and customs are overlaid with the trappings of the modern world.

The Cusco region boasts a series of spectacular landscapes, from the high peaks of the Andes, which give way to the foothills surrounding the city itself, to the forests of the Amazon basin, with their breathtaking variety of plant and animal species.

The people in Cusco are open, forthcoming and always willing to give a warm welcome to visitors.
USIL Extension Center - Cusco

Where are we?

USIL Extension Center - Cusco is located in the very center of the historic city, in the main street of the former Inca capital that connects the Main Square with the ancient Qorikancha temple, the most important shrine of the Inca Empire. The University building occupies part of one of the ancient residences of the Inca royalty, later turned into a Spanish Colonial style house. It features fragments of authentic Inca stone walls combined with beautiful Mediterranean arcades. It is provided with all the necessary modern facilities and equipment: multimedia projectors, Wi-Fi, computer lab, library and conference-hall.
