COURSE LIST 2019 TAUGHT IN SPANISH

Universidad de Belgrano and Hospital Británico are proud to offer a five week boreal summer/ austral winter Medical Spanish Immersion Program (June 24-July 25).

This is a unique opportunity for students to experience the native culture of porteños and medical clinics at Hospital Británico, a nonprofit organization, devoted to upgrade people's health and to provide medical and hospital services of the highest quality.

This program is aimed primarily at students interested in improving their medical Spanish while shadowing at Hospital Británico. Intensive practice will be provided in two ways: through clinical rotation at Hospital Británico in the mornings and Spanish classes at Universidad de Belgrano in the afternoons.

All students must take a written placement test online to determine if they are eligible for this program. A minimum of 10 students is required to open the program.

Clinical Rotation at Hospital Británico

<http://www.hospitalbritanico.org.ar/web/en>

Shadowing a doctor is a great way to find out which specialty suits you for a career in medicine. Depending on the vacancies, students will be assigned to specific medical areas at Hospital Británico such as Internal Medicine, Emergency Room, Intensive Care Unit, Pediatrics, Orthopedics, and Traumatology. They will complete 60 clinical rotation hours, Monday through Thursday from 9 AM to noon and will benefit from the calendar of events at the hospital, including Medical Grand Rounds.

Spanish Coordinator:

Español para profesionales de la salud at Universidad de Belgrano

<http://www.ub.edu.ar/studies-abroad/studies-abroad.php>

Specifically designed for medical students and health professionals, this course aims to improve physician-patient interactions with Spanish-speaking patients. The syllabus includes grammatical constructions, specific vocabulary, and cultural topics needed to improve Spanish skills within the field of health. The program will include lectures by guest specialists on the field. The course meets Monday through Thursday in the afternoon and takes a total of 60 hours to complete. Candidates should already possess an upper intermediate level of Spanish.
