

Study Abroad in Buenos Aires and get a Certificate!

Opportunities for undergraduate students at Belgrano

By spending a semester in Argentina, your students will not only enhance their CV, but continue to grow as global citizens. Students will receive transfer credit for Lower and Upper Division Courses while experiencing a challenging and transformative time in Buenos Aires.

The Certificate in Latin American Studies distinguishes students willing to transform the semester abroad into an academic experience of excellence. There are four different tracks: Business & Economy, Cultural Studies, Linguistics and Latin American Studies. Students must complete five courses, and conduct a directed research.

Specifically designed for undergraduate students, our semester programs are held twice a year, beginning in early March and in late July. Courses are taught by our faculty in both Spanish (PEAL) and English (PALAS), and are transferable to the US and European credit systems.

Founded in 1964 by Doctor Avelino Porto, Universidad de Belgrano was among the first universities in Argentina to promote study abroad and international exchange programs. Only 30 minutes by bus or subway from downtown Buenos Aires, the university's 19-storey building -the UB Tower designed by Architect Mario Roberto Álvarez - is located in a safe urban neighborhood surrounded by parks and residential homes.

Intensive Programs

■ SPANISH as a SECOND LANGUAGE (SSL)

We offer intensive courses all year round with complete immersion in Argentine life and culture.

A team of qualified native Spanish-speaking faculty with expertise in applied linguistics teaches language courses using communicative methodology. Students will have the benefit of using textbooks written by our faculty. These books provide a unique insight into the language and culture of Buenos Aires. Students are allocated to different levels on the basis of an online placement test.

■ SECOND LANGUAGE ACQUISITION PROGRAM (May 26 - July 2)

This is a unique opportunity for bilingual Education students to come into contact with second language acquisition processes both in English and Spanish while experiencing the native culture of porteños. The program combines a TAship in a bilingual primary school in Buenos Aires with a course in teaching Spanish as Second Language. This combination of theoretical instruction and practical experience will enable an increased understanding of both second language acquisition and teaching methodology.

■ SUMMER PEAL (June 22 - July 23)

For undergraduate students who wish to study for a shorter term in Buenos Aires, we offer our Program in Argentine and Latin American Studies (PEAL) in a five week intensive format during the boreal summer / austral winter. Students participating in this program take two courses of 60 contact hours each. For students that require a Spanish Language course, Summer Peal can be combined with our intensive four week language program. This combination lasts nine weeks.

■ MEDICAL SPANISH IMMERSION PROGRAM (June 22-July 23)

This program is aimed primarily at students interested in improving their medical Spanish while shadowing at Hospital Británico, a prestigious medical institution providing tertiary care. Intensive practice will be provided in two ways: through clinical rotation at Hospital Británico in the mornings and Spanish classes at Belgrano in the afternoons.
